## Legal Technology

**New!**

### Legal Technology Forum

LIVE AND ON DEMAND WEBINAR SERIES

#### Technology skills to advance your delivery of legal services

Stay up-to-date on how to leverage technology in the legal environment. Each 90-minute webinar will focus on one specific type of technology and teach specific functions particularly useful in a legal setting as well as timesaving tips, tricks, and shortcuts.

Designed to fit your schedule, choose between live webinars that allow for instructor interaction or view pre-recorded webinars on demand on your own time.

#### Webinar Series Schedule

Monthly 11:30am-1:00pm (PT)	
September, 2013	Excel in the Law Office
October, 2013	Databases in the Law Office
November, 2013	Adobe Professional in the Law Office
December, 2013	Managing and Retaining Electronic Files and Documents
January, 2014	Concordance E-Discovery Software
