

Trial Director Training Webinar

Tools and Techniques for Managing a Powerful Trial Presentation

About the Webinar:

Trial presentation software is coming of age in the courtroom. Indeed, as technology advances and becomes more readily available to each and every consumer, the courtroom stakes get higher in terms of presentation and expectations. Allen Mills of Trial Resource (a sister company of HG Litigation) will provide education in practical applications of trial presentation software. This presentation will help to you to prepare for trial in an effective, time-efficient manner. You will learn how to best structure your cases clearly and effectively for a successful and seamless presentation to a jury or bench officer.

Webinar Agenda:

- Introduction to Trial Director
- Naming exhibits and demonstratives
- Choosing a location to store data (case path)
- Importing data
- Annotating and mark ups
- Presenting exhibits and demonstratives in Presentation Mode
- Annotating and marking up exhibits live
- Screenshots during presentation
- Presentation zones
- Creating and using workbooks
